100% COMPANION PET CARE • 13 PIONEER LAUNCH SKUS

SAUDI ARABIA PET CARE MASTER MARKETING PLAN & COMMERCIAL BLUEPRINT

A grounded, evidence-based commercialization roadmap for Vervac's therapeutic pet nutrition and healthcare portfolio in the Kingdom of Saudi Arabia. Grounded in direct competitor market sales, empirical clinical monographs, and a hyper-realistic Year-1 operational model.

YEAR-1 BASELINE
55,500 Units
Conservative Realism

GROSS SALES
SAR 3.41M
~$909,500 USD

DISTRIBUTION
Cigalah Alliance
200 Prime Retail & Clinic POS

LEADERSHIP GOVERNANCE

The Vervac Marketing & Strategy Directorate

MULTIDISCIPLINARY EXECUTIVE TEAM

📊

Portfolio Strategy Lead

20 YRS EXPERIENCE (MARS/ZOETIS)

Directs the 70% conservative haircut model, channel velocity pricing, Cigalah joint business planning, and portfolio P&L governance.

🩺

Dr. Christine, DVM

MEDICAL & SCIENTIFIC AFFAIRS (12 YRS)

Authors technical monographs, clinical trials, cellular mechanisms of action, and leads doctor-to-doctor veterinary detailing.

🐱

Aisha 🇸🇦

CAT CARE BRAND DIRECTOR (FELIVAC)

Leads Saudi feline cultural narratives, Riyadh/Jeddah indoor cat health, hairball/urinary care, and viral 9:16 TikTok shorts.

🐶

Vivian 🇪🇬

DOG CARE BRAND DIRECTOR (CANIVAC)

Drives canine sports, compound and private villa communities, asphalt heat-shield education, and K9 working dog partnerships.

Sovereign Compliance Mandate (Law 11): Governed by the Master Compliance Auditor ensuring 100% adherence to Veterinary Biotechnology and Companion Nutrition standards with zero human pharmaceutical terminology.

100% LAW 11 AUDITED

DECISION 1: CAMEL & EQUINE CANCELLATION

Total Focus on High-Velocity Urban Pets

Equine and camel sectors require dispersed desert travel, custom broker networks, seasonal racing cycles, and heavy credit exposure. Eliminating them unlocks critical advantages:

- ✓ **Zero Logistics Friction:** 100% of Cigalah fleet concentrates on Riyadh, Jeddah, and Khobar pet hubs.
- ✓ **Single-Species Brand Clarity:** Aisha (Feline) and Vivian (Canine) own the digital conversation without confusing rural audiences.
- ✓ **Monthly Repeat Velocity:** Pet owners repurchase every 30–45 days, generating compounding cash flow.

DECISION 2: 70% CONSERVATIVE HAIRCUT

From Theoretical Ambition to Guaranteed Ground-Zero

Rather than betting on aggressive penetration in Year 1, the model is revised downward by 70%, establishing an unshakeable operational floor:

Previous Model
~~185,000 Units~~
SAR 11.47M Target

Revised Baseline (-70%)
55,500 Units
SAR 3.41M Achievable

The Core Reality: Moving 55,500 units requires an active clinic to sell just **1 unit every 2.5 days** across all 13 items combined. Downside failure risk is effectively zero.

Saudi Arabia Companion Animal Market (2026)

The Feline Hegemony (75%)

Cats dominate Saudi urban living due to religious cultural affinity, high apartment density, and zero outdoor dependency during blistering summers. Over **1.5 Million owned indoor cats** reside in Riyadh and Jeddah.

Primary driver for PROVAC Feline & PAWSMILE.

The Canine Surge (25%)

Canine adoption is booming in private villas, Diplomatic Quarter, and modern compounds. Over **240,000 registered dogs**, with high willingness-to-spend on joint mobility, asphalt paw protection, and outdoor safety.

Primary driver for Mobility Syrup & Mojo Balms.

Pet Humanization & Spend

63% of the Saudi population is under 35. Pets are treated as family members. Average annual pet health spend jumped from SAR 1,800 (2020) to **SAR 4,800 (2026)**, with wellness and nutrition capturing 35% of total wallet.

TAM: SAR 1.65B • Vet Health: SAR 350M+

SFDA Regulatory Landscape (Saudi Food & Drug Authority)

Our 13 pioneer items are registered under SFDA Veterinary Feed Supplements & Topical Care, bypassing human pharmaceutical delays.

FAST-TRACK VETERINARY APPROVAL

Real Competitor Sales & Market Benchmarks in KSA

Category / Clinical Function	Vervac Launch Item	Direct Competitor Brand	Est. Annual KSA Units	Average Retail (RSP)	Est. Market Value (SAR)	Competitor Primary Vulnerability
Feline & Canine Synbiotic	PROVAC Feline & Canine (250g)	**Pro-Kolin+** (ADM Protexin)	55,000 Tubes	SAR 95 – 115	SAR 5.50M	15ml tube lasts 3 days; severe heat degradation during summer shipping (45°C).
Probiotic Sachet Powder	PROVAC Canine & Feline (250g)	**FortiFlora** (Purina Pro Plan)	40,000 Boxes	SAR 135 – 160	SAR 5.80M	Single strain (*SF68*) lacking colostrum and enzymes; premium pricing.
Joint & Cartilage Support	PROVAC Mobility Syrup (200ml)	**Synoquin EFA** (VetPlus)	24,000 Boxes	SAR 160 – 220	SAR 4.30M	Solid chewable tablets hard to administer; no liquid syrup for 4X absorption.
Anxiety & Behavioral Stress	PROVAC Calming (30 Tablets)	**Zylkene** (Vetoquinol)	18,000 Bottles	SAR 120 – 155	SAR 2.50M	Single milk-protein derivative; expensive monthly cost (>SAR 300).
Oral Hygiene & Freshness	PAWSMILE Spray (100ml)	**TropiClean** Fresh Breath	75,000 Bottles	SAR 55 – 75	SAR 4.90M	Synthetic mouthwash base; frequent container stockouts from USA.
Topical Wound & Skin Care	PAWSKIN Spray (100ml)	**Vetericyn Plus** Spray	30,000 Bottles	SAR 85 – 125	SAR 3.10M	Hypochlorous acid only; lacks botanical Aloe Vera, B5 & Allantoin cell regeneration.
Paw & Nose Asphalt Protection	Mojo Paw & Nose (100g)	**Natural Dog Company**	12,000 Tins	SAR 75 – 95	SAR 1.10M	Low melting point coconut base liquefies into grease in Saudi summer sun.

Empirical Conclusion: The combined annual market for these 7 benchmark lines exceeds **254,000 units (~SAR 27.2M)**. Vervac's target of **55,500 units** captures only **21.8%** of this benchmark universe.

21.8% BENCHMARK SHARE

The 5 Verified Intelligence Sources & Methodology

1 SFDA Registered Veterinary Products Registry

Official Saudi Food & Drug Authority registry (sfda.gov.sa). Confirms active legal local agents for VetPlus (Salehiya), Protexin (Arasco/Wholesalers), and Purina (Nestle). Tracks renewal windows.

2 ZATCA & GASTAT Customs Foreign Trade Statistics

General Authority for Statistics & Customs (stats.gov.sa). Real import tonnage and declared CIF values under **HS Code 2309.10** (Dog & Cat Preparations) and **HS Code 3004.90** (Veterinary Formulations).

3 Euromonitor International & IMARC Group Reports

Passport: Pet Care in Saudi Arabia & IMARC Veterinary Healthcare KSA. Establishes the total veterinary market at **$488.7M** with companion animal care growing at double-digit 11.2% CAGR.

4 Cigalah Healthcare JBP & Warehouse Dispatch Audits

Direct internal dispatch velocity from Cigalah's Riyadh (Sulay) and Jeddah hubs. Provides exact monthly reorder patterns, clinic credit terms (60-day standard), and stocking capacity across 120 key hospitals.

5 **Field Mystery Shopping:** Conducted across 25 leading clinics and pet chains (Pet Oasis, Aleef) in Riyadh (Al-Malqa, Hittin) and Jeddah (Al-Rawdah) benchmarking shelf-facing counts, counter placement, and doctor recommendations.

Honest Vulnerabilities vs. Unfair Advantages

OUR STRATEGIC VULNERABILITIES (نقاط ضعفنا الصريحة)

1. **Day-Zero Brand Equity:** Vets have 10-year prescribing habits with Pro-Kolin and FortiFlora. Switching requires peer-to-peer scientific evidence.
2. **Single-Distributor Dependence:** Reliance on Cigalah reps requires strict KPI incentives so they don't default to legacy lines.
3. **SFDA Labeling Vigilance:** Registered as veterinary nutritional supplements; reps must avoid drug claims during clinic detailing.
4. **Lack of Multi-Million Global Ad Spend:** We cannot outspend Nestle Purina or Mars in television/global mass media.

OUR UNFAIR ADVANTAGES (نقاط تفوقنا الساحقة)

1. **50°C Thermostable Microbiome Moat:** While competitors suffer up to 80% bacterial death in Saudi summer transit, our micro-encapsulated strains remain 100% viable.
2. **High Trade Margin Arbitrage (38% vs 18%):** Manufactured in India GMP facilities and shipped via Bahrain, we offer double the clinic margin of European imports.
3. **Unmatched Pack Economy:** PROVAC 250g Jar provides a 60-day supply for the exact same retail price as Pro-Kolin's 15ml tube which depletes in 3 days.
4. **Hyper-Localized Single-Species Content:** Aisha (Saudi dialect for cats) and Vivian (dogs) build organic trust that translated foreign ads cannot match.

The Neutralization Playbook: We neutralize doctor hesitation by launching the **Cigalah 10+2 Starter Clinic Box** (giving the clinic 2 free trial jars for in-clinic hospital use), backed by **Dr. Christine's Clinical Monograph Binder** detailing our 13-strain heat stability trials.

The Master 2026 Financial Model (55,500 Units)

Channel Segment	Active Accounts	Monthly Velocity	Months	Annual Units	Revenue (SAR)

HERO PRODUCT 01 • CAT CARE

PROVAC Feline Pre & Probiotics (250g Jar)

12,000 UNITS • SAR 888,000

PROVAC FELINE PRE & PROBIOTICS

250 gm HDPE Jar • Enclosed 5g Scoop • Chicken Liver Flavor

CLINICAL MONOGRAPH SPECS & FORMULATION

13 Live Strains per gram: LAB Blend (*L. acidophilus, B. longum, L. casei*) + Spore-forming *Bacillus subtilis* + *Aspergillus oryzae* (internal digestive enzymes) + *Saccharomyces* active yeast + **Pure Bovine Colostrum Bio-Backing** + FOS/MOS Prebiotics.

THE 30-SEC MEDICAL REP PITCH FOR CIGALAH (B2B)

"Doctor, antibiotic diarrhea and food dysbiosis are your daily feline cases. Pro-Kolin tubes deplete in 3 days, and imported probiotics die in Saudi 45°C shipping. PROVAC Feline delivers 13 strains micro-encapsulated to survive 50°C heat with colostrum to seal the gut barrier. A 250g jar provides a full 60-day recovery course with a 36% margin for your clinic."

AISHA'S VIRAL SOCIAL CAMPAIGN (B2C • TIKTOK 9:16)

Hook: *"اليه قطتك ترجع كرات شعر ويجيلها إسهال مفاجئ كل ما تغير أكلها؟ السر مو بالأكل.. السر بكتيريا بطنها اللي ماتت من حر الصيف!"*

Call-to-Action: Ask your vet in Riyadh or Jeddah for PROVAC Feline, or order direct from Cigalah partner clinics.

HERO PRODUCT 02 • DOG CARE

PROVAC Canine Pre & Probiotics (250g Jar)

6,000 UNITS • SAR 444,000

PROVAC CANINE PRE & PROBIOTICS
250 gm HDPE Jar • High Palatability Chicken Flavor

CLINICAL MONOGRAPH SPECS & TARGET GROUPS

Engineered specifically for active canine gut physiology: Guard dogs, German Shepherds, Labradors, compound companion breeds. Prevents post-antibiotic dysbiosis and rebuilds stool firmness within 48 hours.

THE CLINICAL DETAILING SCRIPT FOR VETS

"Doctor, large breed canines on dry kibble frequently suffer chronic soft stools and nutrient malabsorption. FortiFlora gives you a single sachet, but PROVAC Canine gives your clinic a comprehensive 13-strain powder backed by digestive enzymes and colostrum at half the daily treatment cost."

VIVIAN'S VIRAL VIDEO CAMPAIGN (B2C • K9 & COMPOUNDS)

Hook: *"كلبك فجأة مبقاش ياكل ويطنه مكركبة ومزاجه وحش؟ قبل ما تصرف آلاف الريالات على فحوصات.. اتأكد من ميكروبيوم بطنه!"*
Target Placements: Riyadh K9 Clubs, Compound Pet Groups, and Veterinary Clinic Detailing.

NEURO-RELAXATION • TABLETS

PROVAC Calming Chewable Tablets (30 Tabs)

3,000 UNITS • SAR 168,000

PROVAC CALMING TABLETS
30 Chewable Palatable Tablets • Cats & Dogs

MULTI-MODAL NEUROPHARMACOLOGY (ZERO SEDATION)

Active Neuro-Modulators: Valerian Root (valerenic acid) + Chamomile Extract (Apigenin selective GABA-A agonist) + **L-Tryptophan (100 mg)** + **Taurine (20 mg)** + Vitamin B6 + Passionflower + Ginger (eases stress-induced gastric spasms).

KEY TRIGGER EVENTS IN SAUDI ARABIA

1. **Riyadh Season Fireworks & Celebrations:** Eliminates terror in dogs and cats during National Day and festival pyrotechnics.
2. **Domestic & International Flight Travel:** Calms animals in travel crates without grogginess.
3. **Vet Visit & Grooming Anxiety:** Administered 45 minutes prior to clinical appointments.

PRICING ADVANTAGE VS. ZYLKENE

Zylkene retails at SAR 130–160 for a small blister pack. PROVAC Calming provides 30 tasty chewable tablets at SAR 85 retail (SAR 56 wholesale), yielding 34% margin for clinics.

JOINT & CARTILAGE MATRIX

PROVAC Mobility Syrup (200ml Bottle)

2,500 UNITS • SAR 175,000

PROVAC MOBILITY SYRUP

200 ml Amber Bottle • Calibrated Oral Syringe • Dogs & Cats

SKELETAL & CARTILAGE MATRIX (PER 15 ML SERVING)

Active Synergistic Actives: Cholecalciferol (Vitamin D3 - 2,000 IU) + Elemental Calcium (600 mg) + Balanced Phosphorus (300 mg) in 2:1 physiological ratio + **Manganese (5 mg)** for GAG synthesis + Vitamin B12 (20 mcg).

4X LIQUID ABSORPTION ADVANTAGE VS. SYNOQUIN EFA

Synoquin chewables require mechanical mastication and slow stomach breakdown. Liquid syrup delivers **4X higher mucosal bioavailability**, rapidly infusing synovial membranes and reversing stiffness in 14 days.

TARGET PROFILES: SENIOR PETS & LARGE BREED PUPS

Essential for German Shepherds, Labradors, and senior indoor cats struggling with jumping on furniture or morning joint stiffness.

NUTRITIONAL SYRUP • ANTI-SHEDDING

PROVAC Skin & Coat Care Syrup (200ml Bottle)

4,500 UNITS • SAR 315,000

PROVAC SKIN & COAT CARE

200 ml Liquid Syrup • Dogs & Cats • High Affinity Flavor

GUARANTEED MONOGRAPH ANALYSIS (PER 15 ML SERVING)

Pure Fatty Acids & Micronutrients: Omega 3, 6, 9 (EPA/DHA) + Biotin (500 mcg) + Zinc Sulphate Monohydrate (15 mg) + **Vitamin E 30 IU** + Vitamin D3 + Vitamin A + Calcium Pantothenate (B5).

THE ANTI-AC INDOOR SHEDDING CAMPAIGN

Continuous air conditioning in Saudi homes strips natural sebum from pet fur, causing non-stop hair shedding on sofas and carpets. Liquid syrup form delivers **4X higher intestinal bioavailability**, halting shedding in 14 days.

TARGET PROFILES: PERSIAN CATS & GOLDEN RETRIEVERS

Long-hair breeds represent 65% of pet grooming revenue in Riyadh. Positioned as an essential daily feed topper transforming dull, matted coats into exhibition-grade silky fur.

CLINICAL EMERGENCY • REHYDRATION

PROVAC Electrolyte Oral Rehydration (20 Sachets)

2,500 UNITS • SAR 140,000

PROVAC ELECTROLYTE

Box of 20 Foil Sachets • Instant Dissolution in Water

SGLT-1 CO-TRANSPORT ENGINE FORMULATION

Active Physiological Components: Dextrose (Glucose 60%) + Sodium Chloride + Potassium Chloride + Sodium Citrate + **Glycine** (accelerates mucosal sodium absorption) + Ascorbic Acid (Vitamin C).

SUMMER HEAT EXHAUSTION & ACUTE DIARRHEA PROTOCOL

When pets suffer acute heat exhaustion or enteritis dehydration, water alone fails due to electrolyte depletion. PROVAC Electrolyte drives rapid water uptake into dehydrated blood vessels, reversing hypovolemia.

INPATIENT CLINIC WARD & FIRST-AID RETAIL PLACEMENT

Stocked in clinic treatment rooms for post-op fluid maintenance and sold at checkout as essential travel hydration during hot desert kashata outings.

BOTANICAL CARE SUITE

The Mojo Phenomenon: 5 Distinct Daily Rituals

14,500 UNITS • SAR 797,500 COMBINED

Product Name	Primary Daily Purpose	Signature Botanical Actives	Target Species & Lifestyle Scenario	Launch Units
MOJO Paw & Nose Balm	Thermal asphalt (>60°C) barrier & hyperkeratosis repair.	Natural Beeswax, Shea Butter, Oat Extract, Calendula, Rosemary.	Dogs walking on hot city pavements, dry cat nasal planums.	4,500
MOJO Calm Balm	Aromatherapeutic sensory calming & licking interruption.	Lavender Oil, Chamomile (Bisabolol), Valerian Root, Passionflower, Ginger.	Vet visits, thunderstorms, grooming, car rides, overgrooming.	2,500
MOJO Glow Skin & Coat	Cosmetic coat illuminator, cuticle glaze & detangling.	Avocado Oil, Rosehip Seed Oil, Jojoba Oil, Shea Butter, Vitamin E.	Long-hair Persian cats & Golden Retrievers; pre-show glaze.	3,000
MOJO Shield Outdoor	DEET-free botanical pest deterrent & weed barrier.	Citronella Oil, Cedarwood, Eucalyptus Globulus, Lavender, Calendula.	Hiking, dog parks, desert camping (Kashata), outdoor play.	2,500
MOJO Skin & Hoof Balm	Heavy-duty anti-callus salve & hoof elasticity seal.	Neem Oil, Aloe Vera, Thyme Oil, Castor Oil, Dimethiconol, Pine Leaf.	Large dog elbow calluses, cracked paws, horse hoof walls.	2,000

The Mojo Advantage: Formulated with high-melting-point natural waxes manufactured in Bo International GMP facilities. They do not liquefy at 48°C, solving the melting crisis of imported coconut-oil competitors.

THERMAL STABLE WAX FORMULATION

MOJO SKU 01 • ASPHALT DEFENSE

MOJO Paw & Nose Protection Balm (100g Jar)

4,500 UNITS • SAR 247,500

MOJO PAW & NOSE BALM

100 gm Screw-Top Jar • Thermal Asphalt Barrier • Cats & Dogs

HIGH-MELTING-POINT WAX CHEMISTRY

Active Botanical Shield: Pure Natural Beeswax + Jojoba Wax + Shea Butter + Colloidal Oat (*Avena sativa* eases micro-fissures) + Sunflower Oil + Calendula + Rosemary Extract + Vitamin E. **Will not liquefy at 48°C**.

THE 60°C ASPHALT TEST (VIRAL CAMPAIGN WAVE 2)

During Riyadh summer, asphalt temperatures exceed 60°C. Walking dogs without paw wax results in second-degree epidermal burns. Mojo Paw Balm creates a semi-occlusive physical barrier protecting foot pads.

RETAIL PLACEMENT IN GROOMING SPAS & VET DETAILING

Supplied to mobile pet grooming vans and spa boutiques as part of the "Summer Paw Protection Package", generating steady B2B bulk orders.

MOJO SKU 02 • SENSORY CALMING

MOJO Calm Aromatherapy & Conditioning Balm (100g)

2,500 UNITS • SAR 137,500

MOJO CALM BALM

100 gm Jar • Dual Olfactory & Cutaneous Pathway • Cats & Dogs

DUAL OLFACTORY & CUTANEOUS MODE OF ACTION

Active Aromatherapeutics: Lavender Essential Oil (linalool) + Chamomile Extract (bisabolol) + Valerian Root Extract + Passionflower + **Ginger Extract** (balances car-ride nausea). Delivered in Shea Butter, Jojoba, and Beeswax base.

TARGET SITES: EAR FLAPS, MUZZLE & BELLY

Applied 15–30 minutes before stressors (vet visits, thunderstorms, travel). Massaging onto outer ear pinnae or hairless belly zones places aromatics immediately adjacent to respiratory olfactory receptors.

BREAKING THE PSYCHOGENIC STRESS-LICKING CYCLE

Dogs and cats under stress obsessively chew their paws, causing hot spots. Mojo Calm provides a dense emollient shield soothing redness and breaking compulsive behavioral grooming.

MOJO SKU 03 • COAT ILLUMINATOR

MOJO Glow Skin & Coat Balm (100g Jar)

3,000 UNITS • SAR 165,000

MOJO GLOW SKIN & COAT BALM

100 gm Jar • Cuticle Glaze & Detangling Conditioner • Dogs & Cats

CUTICLE SEALING & LIGHT REFLECTANCE FORMULATION

Rich Botanical Glaze: Avocado Oil (monounsaturated fatty acids & vitamins) + Rosehip Seed Oil (delivers silky touch) + Shea Butter + Coconut Oil + Beeswax + Jojoba Oil + Calendula & Chamomile + Vitamin E.

APPLICATION PROTOCOL: THE HAND-WARMED GLAZE

Pet groomers scoop a small amount, rub palms together until natural body heat turns the balm into a smooth glaze, then massage through fur along spine, flanks, and tail to eliminate matting and static electricity.

TARGET PROFILES: SHOW PETS & GROOMING SALONS

Essential for Persian cats, Pomeranians, Golden Retrievers, and Poodles before photo sessions or exhibitions. Sold as the "Luxury Coat Glaze" finish in 80 partner grooming spas.

MOJO SKU 04 • OUTDOOR PEST SHIELD

MOJO Shield Outdoor Protection Balm (100g Jar)

2,500 UNITS • SAR 137,500

MOJO SHIELD OUTDOOR BALM

100 gm Jar • DEET-Free Botanical Pest Barrier • Dogs & Cats

100% SYNTHETIC-FREE BOTANICAL DETERRENT FORMULATION

Active Essential Repellents: Citronella Oil + Cedarwood Oil (*Cedrus atlantica*) + Eucalyptus Globulus Oil + Lavender Oil. Blended into Shea Butter, Beeswax, and Calendula soothing base.

THE KASHATA & DESERT CAMPING CAMPAIGN

When taking dogs to the desert, farms, or public dog parks, biting flies, mosquitoes, and ticks cause severe discomfort. Mojo Shield forms a fragrant vapor cloud naturally repelling biting insects for 4–6 hours.

DERMAL BARRIER AGAINST BRUSH & ALLERGENS

Beeswax and plant lipids coat thin-furred areas (neck, belly, between toes), preventing abrasive thorns, weed burrs, and allergens from causing allergic contact dermatitis.

MOJO SKU 05 • HEAVY-DUTY BARRIER

MOJO Skin & Hoof Heavy-Duty Balm (100g Jar)

2,000 UNITS • SAR 110,000

MOJO SKIN & HOOF BALM

100 gm Jar • Anti-Callus Salve & Keratin Elasticity Seal

HIGH-DENSITY MEDICINAL OCCLUSIVE FORMULATION

Active Keratin Restoratives: Neem Oil (traditional antifungal & lipid replenisher) + Thyme Oil + Tea Tree Oil + Castor Seed Oil + Dimethiconol (advanced barrier protectant) + Aloe Vera + Pine Leaf Oil + Beeswax + Petrolatum.

THE SEVERE CANINE CALLUS INDICATION

Large companion breeds lying on tile or concrete floors develop severe hyperkeratotic calluses on their elbows and hocks. Mojo Skin & Hoof softens tough scar-like tissue and seals micro-fissures in 7 days.

MIXED-PRACTICE VET CLINIC CROSSOVER APPEAL

In mixed companion/equine veterinary clinics, this formula also maintains natural moisture elasticity in equine hoof walls, preventing brittle chips and cracks without trapping fungal rot.

TOPICAL SPRAYS SUITE

PAWSMILE Oral Care & PAWSKIN Dermal Repair

COMBINED 10,500 UNITS • SAR 483,000

SKU 12 • 6,500 UNITS

PAWSMILE Spray (100ml)

SAR 46 Wholesale • SAR 65 Retail

Active Botanicals: Peppermint, Spearmint, Thyme Extract (Thymol), Green Tea Polyphenols, and Sodium Bicarbonate. Solubilized in water base via PEG-40.

Point-of-Sale Blitz: Acrylic cash counter stand. Free spray trial to pet owners at checkout generates instant impulse buy.

SKU 13 • 4,000 UNITS

PAWSKIN Spray (100ml)

SAR 46 Wholesale • SAR 65 Retail

Active Repair Complex: Pure Aloe Barbadensis + Allantoin (stimulates cell division) + D-Panthenol (B5) + Niacinamide (B3) + Chamomile + Tea Tree Oil.

Summer Coastal Indication: Treats coastal humidity dermatitis ("Hot Spots") in Jeddah and Eastern Province without stinging.

High-Frequency Impulse Drivers: These two 100ml sprays serve as entry-level trial products introducing households to Vervac quality.

IMPULSE CASHIER CONVERSION

THE 10+2 STARTER CLINIC BOX OFFER

To overcome doctor trial resistance and fill 200 clinic and store pipelines in January 2026:

- **Buy 10 Units + Get 2 Units Free:** Provides an immediate **38.5% gross margin** to the clinic.
- **Free Luxury Counter Stand:** Sleek acrylic branded POP unit displaying all 13 launch SKUs.
- **60-Day Commercial Credit:** Backed by Cigalah's standard institutional billing terms.
- **Clinical Monograph Binder:** Authored by Dr. Christine for in-clinic doctor reference.

2026 QUARTERLY CAMPAIGN WAVES

Q1 (Jan – Mar): The Clinical Seed Wave
Riyadh Vet Conference + 120 Clinic Starter Boxes deployed + Aisha/Vivian video series.
